MEMORANDUM FOR: Project Director of Development and Procurement

SUBJECT : Future Camera Systems

REFERENCE : Memorandum same subject from Chief, Photo Intelligence Division (TCS-2144-57)

25X1A

1. I would appreciate if you or could look into this recommendation of Mr. Lundahl's and let me know: (a) What kind of a camera system he has in mind, and (b) Your recommendation with respect to such a system.

2. You should have in mind that I am extremely reluctant at this point to authorize any new major R&D or procurement in connection with the U-2 since I am convinced that this aircraft has only a very limited remaining life in its present employment.
